## Stage Introduction

Please use the script below when introducing Justin on stage.

Our next speaker is not just a keynote speaker. He's a **Trust Architect** to global brands, government agencies, and leadership teams who understand that **trust isn't a nice-to-have. It's the whole game.**

As the founder of The Trust Architect Group, he has advised powerhouse companies like GE Appliances, Ford Motor Company, and Yum! Brands, while also working extensively with the NCAA, the U.S. Chamber of Commerce, and federal agencies like the U.S. Department of Agriculture and the U.S. Nuclear Regulatory Commission.

**An award-winning author of five books**, a member of the Forbes Coaches Council, and an expert in **leadership presence** trained by a retired FBI agent, he helps audiences **rethink how they show up, communicate, and build trust—so people keep coming back.**

His blend of real talk, research, and razor-sharp insight will challenge how you lead in every room you walk into.

**Please help me welcome today's keynote speaker—Justin Patton.**
